

# AHMED RAMADHAN MOHAMMEDSAEED

Erbil, Kurdistan Region, Iraq | +964 751 659 7959 | [ahmadmilane@gmail.com](mailto:ahmadmilane@gmail.com) | LinkedIn: [ahmed-ramadhan](#)

## PROFESSIONAL PROFILE

A highly resilient Computer Education graduate and adaptive IT professional with a proven track record of solving complex technical problems under pressure. Recognized for a rapid learning curve and sharp diagnostic skills in hardware, software, and networking ecosystems. Deeply skilled in leveraging advanced AI models and prompt engineering to accelerate workflows and technical troubleshooting. Adept at balancing rigorous technical deployment with institutional leadership and communication.

## TECHNICAL SKILLS

- Networking & Infrastructure:** Cisco Packet Tracer, Router & Switch Configuration, LAN/MAN/WAN Architecture, VLANs, IP Addressing & Subnetting, Network Cabling (RJ45 Crimping & Testing).
- Hardware & Systems Engineering:** Custom PC Building & Component Assembly, Laptop/Desktop Deep Disassembly, Hardware Diagnostics, OS Deployment (Windows 10/11, Linux, Windows Server basics).
- Virtualization & Hypervisors:** VMware Workstation, Oracle VM VirtualBox (Isolated OS testing & deployment).
- AI & Digital Productivity:** Advanced AI Prompt Engineering & Model Integration (Large Language Models), Microsoft 365 Suite (Teams, Outlook, OneDrive, Excel), Google Workspace.
- Web & Mobile Development:** PHP (Laravel), Tailwind CSS, JavaScript, Flutter, Dart, Python, C++, Java.
- IoT & Embedded Systems:** Arduino, ESP32, Micro:bit, Raspberry Pi, Sensor Integration & Automation

## EDUCATION

- B.Sc. in Computer Education** | Tishk International University (TIU), Erbil, Iraq
  - Graduated: 2026 | Honors:* Internal University Scholarship for Outstanding Academic Performance.
  - Focus:* AI in Education, Robotics Integration, and Modern Teaching Methodologies.

## PRACTICAL EXPERIENCE & PROJECTS

### Network & Virtualization Management

- Enterprise Network Simulation:** Designed and simulated scalable network infrastructures (LAN, MAN, WAN) using **Cisco Packet Tracer** to optimize routing and connectivity.
- Virtual Environment Deployment:** Implemented and managed virtual machines using **VMware** and **VirtualBox** to securely test software configurations and cross-platform network environments.
- Infrastructure Maintenance:** Built and maintained physical local network setups, performing custom network cabling, RJ45 crimping, and systematic connectivity testing.

## Full-Cycle Hardware Diagnostics & IT Support

---

- Hardware Assembly & Maintenance:** Experienced in custom PC building and deep disassembly of laptops/desktops; successfully diagnosed and resolved hardware component and thermal management issues.
- Rapid Troubleshooting & OS Configuration:** Utilized advanced Windows Diagnostic and Troubleshooting tools to swiftly isolate and repair software crashes, driver conflicts, and registry errors.
- Enterprise Collaboration Systems:** Administered and configured **Microsoft Teams** and **Google Workspace** environments to streamline communication and data visualization for major university events.

## COMMUNITY ENGAGEMENT

---

- Organizational Committee Member | 3rd Erbil Forum (2025):** Certified by Rudaw Media Network for contributions to forum logistics and technical management.
- Conference & Event Volunteer:** Provided core technical and operational support for the International Festival of Language, Culture, and Science (2024, 2025) , and Mercy Corner fundraising initiatives.
- National Initiatives Contributor:** Active volunteer and contributor across civic platforms including Rwanga Foundation, jobs.krd launch, and Volunteer KRD

## CERTIFICATIONS & LEADERSHIP PROGRAMS

---

- National Youth Climate Change Camp (2024):** Certified by the Iraqi Prime Minister's Office & UKH.
- Career Development Skills and Entrepreneurship (2026):** Certified by the Faculty of Education, TIU.
- Step Up Program (OIC) & Kurdistan Youth Leadership Program (KYLP):** Completed intensive tracks for professional capacity building and civic engagement.
- English Language Mastery:** Ava Shin Intensive Program (2025) & American Corner Erbil English Club.

## LANGUAGES

---

- Kurdish:** Native
- English:** Professional Working Proficiency
- Arabic:** Beginner (Capable of handling basic baseline workplace interactions)
- Turkish:** Beginner
